

Bandon Beach Motel Pet Rules

We, at Bandon Beach Motel, welcome your pets. We trust that you, as their owners, will be responsible for their good behavior.

Firstly, we ask that your pet only go into the pet friendly room you rented. We assure our guests with allergies that their room has not been visited by an animal.

We respectfully ask that you leash and attend your pets at all times, unless you are inside your room. Please don't leave them unattended in your room or vehicle when leaving the premises.

Don't let them show aggression to people, or to other animals, and, please, no continuous barking.

Bandon City bylaws state that owners must leash and pick up after their pets. We have "Doggie Bags" in the office if you have forgotten yours. There is a tap at the end of our building for washing sandy paws.

We have pet towels for feet and fur. Thank you for helping us keep our white towels white. We ask that you cover the furniture with these towels before letting your pet curl up. Please wait and bathe them at home to help us avoid tub scratches and plugged drains.

We appreciate your patronage, and your efforts to help your pet exhibit his/her best behavior while staying at the motel, therefore insuring that we remain pet friendly.

Due to some of our family's extreme allergies, we ask that you don't bring your pets into the office. We would love to step outside and greet them.

Sincerely,

The Bruce Family
